FEATURING

- ✓ Optional ECM Motor
- ✓ AFUE Up to 85%
- ✓ Air Conditioning Ready
- ✓ Up to B20 Biodiesel Certified
- ✓ High Grade Steel Refractory Combustion Chamber

aircofurnaces.com

Lowboy Series

The Lowboy series is capable of achieving up to 85% AFUE efficiency due to its unique heat exchanger design, high performance oil burners and refractory combustion chamber. This results in increased energy savings and lower fuel bills.

Our heat exchangers are constructed of welded steel for added reliability and the large surface area maximizes heat transfer into your home.

Extremely flexible installation with front and rear flue options along with multiple firing rates, burner options, and optional ECM blower motor.

BCL	100	200
Btu/h Input	77,000 - 154,000	
AFUE Efficiency	Up to 85%	
Flue Location	Rear Breech (5")	
Height	37 3/8"	39 3/8"
Cold Air Return	20" x 18"	20" x 20"
Hot Air Supply	20" x 20"	20" x 20"

BFL	100	200
Btu/h Input	77,000 - 154,000	
AFUE Efficiency	Up to 85%	
Flue Location	Front Breech (5")	
Height	37 7/16"	42"
Cold Air Return	20" x 18"	20" x 20"
Hot Air Supply	20" x 20"	22" x 20"

Features

Chimney Vent Burner Options (B2o Bio-diesel Ready)

- Beckett AFG
- Carlin EZ-1 Select

Blower Motor Options

- PSC Direct Drive
- ECM

Other

- Filter:
BCL / BFL: 20" x 20" x 1"
- Barometric damper
- Durable steel cabinet ensures strength while full fiber-reinforced insulation provides quiet operation. An appliance grade textured finish minimizes fingerprints.
- A/C ready
BCL/BFL-100 up to 3 tons
BCL/BFL-200 up to 5 tons

Highboy Series

The Highboy series is capable of achieving up to 85% efficiency due to its unique heat exchanger design, high performance oil burners and refractory combustion chamber. This results in increased energy savings and lower fuel bills.

Each Highboy furnace has a completely insulated combustion chamber to provide quiet operation and clean burning performance.

Flexible installation with multiple firing rates, burner options, and optional ECM blower motor.

(up flow only)

HTL	100	200
Btu/h Input	77,000 - 154,000
